

Registered Charity No. 1022409

5 Health policy and procedures

Designated Health and Safety Officer is: Flora Lau

5.2 Accidents and emergency treatment

Person responsible for checking and stocking first aid box is:
Flora Lau

The preschool provides care for children and promotes health by ensuring emergency and first aid treatment is given as required. There are also procedures for managing food allergies in Chapter 6 Food safety and nutrition.

- Parents consent to emergency medical treatment consent on registration.
- At least one person who has a current paediatric first aid (PFS) certificate is on the premises and available at all times when children are present.
- All staff are paediatric first aiders, who regularly update their training; First Aid certificates are renewed at least every three years.
- All members of staff know the location of First Aid boxes, the contents of which are in line with St John's Ambulance recommendations as follows:
 - 20 individually wrapped sterile plasters (assorted sizes)
 - 2 sterile eye pads
 - 4 individually wrapped triangular bandages (preferably sterile)
 - 6 safety pins
 - 2 large, individually wrapped, sterile, un-medicated wound dressings
 - 6 medium, individually wrapped, sterile, un-medicated wound dressings
 - a pair of disposable gloves
 - adhesive tape

- a plastic face shield (optional)
- No other item is stored in a First Aid box.
- Vinyl single use gloves are also kept near to (not in) the box, as well as a thermometer.
- There is a named person in the preschool who is responsible for checking and replenishing the First Aid Box contents.
- A supply of ice is kept in the main kitchen fridges.
- For minor injuries and accidents, First Aid treatment is given by a qualified first aider; the event is recorded in the preschool's Accident Record book. Parents may have a photo-copy of the accident form on request.
- In the event of minor injuries or accidents, parents are normally informed when they collect their child, unless the child is unduly upset or members of staff have any concerns about the injury. In which case they will contact the parent for clarification of what they would like to do, i.e. collect the child or take them home and seek further advice from NHS 111.

Serious accidents or injuries

- An ambulance is called for children requiring emergency treatment.
- First aid is given until the ambulance arrives on scene. If at any point it is suspected that the child has died, 1.11 Death of a child on site procedure is implemented and the police are called immediately.
- The registration form is taken to the hospital with the child.
- Parents or carers are contacted and informed of what has happened and where their child is being taken to.
- The preschool manager arranges for a taxi to take the child and carer to hospital for further checks, if deemed to be necessary.

Recording and reporting

Our accident book:

- is kept safe, secure and accessibly.
- is accessible to all staff, who know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.

Reporting accidents and incidents

- Notification to Ofsted is made as soon as is reasonably practicable and always within 14 days of the incident occurring, which involve:
 - Food poisoning affecting two or more children looked after on our premises.
 - A serious accident or injury to, or serious illness of, a child in our care and the action we take in response.
 - The death of a child in our care
- The designated person will, after consultation with the trustees, inform local child protection agencies of these events
- Any food poisoning affecting two or more children or adults on our premises is reported to the local Environmental Health Department.
- We meet our legal requirements in respect of the safety of our employees and the public by complying with RIDDOR. We report to the Health and Safety Executive (HSE)

- Any work-related accident leading to an injury to a member of the public (child or adult), for which they are taken directly to hospital for treatment
- Any work-related accident leading to a specified injury to one of our employees. Specified injuries include injuries such as fractured bones, the loss of consciousness due to a head injury, serious burns or amputations
- Any work-related accident leading to an injury to one of our employees/me which results in them being unable to work for seven consecutive days.
- All work-related injuries that lead to one of our employees/me being incapacitated for three or more days are recorded in our accident book.
- When one of our employees/I suffers from a reportable occupational disease or illness as specified by the HSE.
- Any death, of a child or adult, that occurs in connection with a work-related accident.
- Any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident, but could have done; such as a gas leak.
- Any dangerous occurrence is recorded in our incident book (see below).
- In the event of a serious accident, injury, or serious illness, the designated person notifies the designated officer using Confidential safeguarding incident report form as soon as possible.
- The preschool manager is consulted before a RIDDOR report is filed.
- If required, a RIDDOR form is completed; one copy is sent to the parent, one for the child's file and one for the local authority Health and Safety Officer.
- The trustees are notified by the preschool manager of any serious accident or injury to, or serious illness of, or the death of, any child whilst in their care in order to be able to notify Ofsted and any advice given will be acted upon.

Dealing with incidents

We meet our legal requirements for the safety of our employees by complying with RIDDOR (the Reporting of Injury, Disease and Dangerous Occurrences Regulations). We report to the Health and Safety Executive (phone no 0845 300 99 23) or online:

- any accident to a member of staff requiring treatment by a general practitioner or hospital; and
- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident but could have done, such as a gas leak.
- Any dangerous occurrence is recorded in our incident book. See below.

Our incident book

- We have ready access to telephone numbers for emergency services, including local police (Community Beat Officer 24 hours 0845 8505 505). We rent our premises and we have access to the person responsible (Nigel Carpenter 01494 814822).
- We keep an incident book for recording incidents including those that are reportable to the Health and Safety Executive as above.
- We ensure that our staff and volunteers carry out all health and safety procedures to minimise risk and that they know what to do in an emergency.

- On discovery of an incident, we report it to the appropriate emergency services – fire, police, and ambulance – if those services are needed.
- If an incident occurs before any children arrive, our preschool manager risk assesses this situation and decides if the premises are safe to receive children. Our preschool manager may decide to offer a limited service or to close the preschool.
- Where an incident occurs whilst the children are in our care and it is necessary to evacuate the premises/area, we follow the procedures in our Fire Safety and Emergency Evacuation Policy or, when on an outing, the procedures identified in the risk assessment for the outing.
- If a crime may have been committed, we ask all adults witness to the incident make a witness statement including the date and time of the incident, what they saw or heard, what they did about it and their full name and signature.
- We keep an incident book for recording major incidents, including some of those that are reportable to the Health and Safety Executive as above.
- These incidents include:
 - a break in, burglary, or theft of personal or our preschool's property
 - an intruder gaining unauthorised access to our premises
 - a fire, flood, gas leak or electrical failure
 - an attack on an adult or child on our premises or nearby
 - any racist incident involving families or staff on the preschool's premises
 - a notifiable disease or illness, or an outbreak of food poisoning affecting two or more children looked after on our premises
 - the death of a child or adult
 - a terrorist attack, or threat of one
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.
- In the event of a terrorist attack, we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety and Emergency Evacuation Policy will be followed and our staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on our premises, the emergency services are called and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in the child's own file.

Common Inspection Framework

As required under the *Common Inspection Framework*, we maintain a summary record of all accidents, exclusions, children taken off roll, incidents of poor behaviour and discrimination, including racist incidents, and complaints and resolutions.
